## **FUTURES** **PROGRAM**

### **Technician's Helper**

For youth interested in entering a rewarding trades career, the Futures Program promotes an individual's development and experience through exposure and responsibility within the Simplicity Air mobile heating and air conditioning service environment. Working alongside our skilled service technicians will form the foundations to develop the multi-disciplinary skills required to succeed in all trades while establishing a thorough understanding of various mechanical systems and products which support vehicle climate and idle management.

### **Recipient Criteria**

The Futures Program is open to individuals who have completed high school and are interested in pursuing a trades career in one of the following careers: Agricultural Equipment Technician, Automotive Service Technician, Powered Lift Truck Technician, Truck and Coach Technician, or Heavy-Duty Equipment Technician, Millwright, Motive Power Machinist, Small Engine Technician.

### **How It Works:**

The individual will be an employee of Simplicity Air Ltd in the role of a Technician's Helper from July 02, 2024, to August 30, 2024. The individual will receive training and mentoring in the mobile air conditioning industry. During this time, the individual will learn about work ethics, health & safety, how to use trade-related tools and equipment, and how that individual can provide value to their future employer. This role will be evaluated throughout the term of employment within the areas of performance and the following categories:

- ◆ **Safety**
- ◆ **Teamwork**
- ◆ **Trade Skills**
- ◆ **Workmanship**
- ◆ **Attitude**
- ◆ **Punctuality**
- ◆ **Attendance**

## **Futures Program Benefits**

- Learn from experienced workers while earning an hourly wage.
  - On-the-job hours may apply to your Ontario Certificate of Apprenticeship.
    - A certificate of completion showcasing overall performance.
      - An opportunity to receive a starter tool kit, after program completion. Up to a \$1500.00 Value
        - Recognition for their achievements through social and local media.
        - The opportunity to receive a letter of recommendation.
        - Develop potential for long-term employment.

## **Your Next Steps**

Visit our website to begin the application process. Direct any Futures Program questions directly to: [info@simplicityair.com](mailto:info@simplicityair.com)

Please note that all candidates who apply will be evaluated based on their specific qualifications and only those who have been selected to participate in the Simplicity Air Futures Program will be contacted to proceed through the next stages of the application process. Simplicity Air appreciates the interest from all those who apply and encourages anyone not selected after their first application to reapply for the following term.
