

ELECTRIFIED FRONT MOUNTED HVAC

E-BREEZE ELITE 89173000

CANADIAN PATENT NO. 3,194,202 | US PATENT PENDING

- A** All-in-one design
- B** Dual CAN-based control system
- C** Brushless Fans & Blower
- D** Optimized Energy Management

Capacity:

Cooling 18,000 BTUH (3.52 kW) *

Heating 12,000 BTUH (5.28 kW) **

Voltage Range:

576 to 806 VDC

Notes :

* Simplicity Air Ltd follows the ARI Standard for testing at 95°F outdoor
Simplicity Air Ltd follows the ARI Standard for testing at 95°F outdoor
80°F indoor conditions with real-world compressor output, unlike all competitive product literature

** Up to 4 Additional Heaters are easily added to the system with CAN communication

COMPATIBLE PTC HEATERS :

PTC Heater - 89213000
Capacity: Heating 15,354 BTUH (4.5 kW)
Voltage Range: 576 to 806 VDC

PTC Heater - 89213010
Capacity: Heating 3,412 BTUH (1 kW)
Voltage Range: 576 to 806 VDC
